

## Treatment you can Trust

**ProAsys treatment programs provide reliable, responsible products and services to address the operational, environmental and human health issues associated with HVAC equipment.**

Supplying effective treatment chemicals is just the first step of a successful program. Service to monitor application of the products, equipment performance and water characteristics is a key component to ensuring that your equipment is protected from scale, corrosion and microbiological fouling.

## Healthcare Facility Managers Association of the Delaware Valley

### Fall Conference October 2nd

Eric Woodring, CWT

Stop by the ProAsys exhibit booth at the HFMA DV Fall Conference to meet ProAsys Area Managers, Eric Woodring and Tyler Bononno.

Enter our Business Card Drawing for a chance to win an [Amazon Echo Spot](#) or gift cards.
